Overview

Future dates and the upcoming season are currently still difficult to predict. This document is intended to give an overview of Welsh Rowing's hopes for the season ahead in regard to the Junior and Senior Coastal Home International Rowing Beach Sprints.

If you are interested in representing Wales, **we would ask you to register your interest early so that we can keep in contact with you** regarding any changes to this document or events we have planned throughout the season.

Section 1: Targets

Scope

The purpose of this strategy is to set out what is required of athletes wishing to achieve selection for the Welsh Teams at the Home International Rowing Beach Sprints 2022 and will include details of registration, eligibility, trials/seat-racing and training camps/development opportunities this season.

This information is published on the Welsh Rowing website.

Welsh Rowing supports the Home International Rowing Beach Sprints as a performance and pathway event and therefore is committed to ensuring that a competitive team is selected. Representation at the Home International Rowing Beach Sprints is a national level achievement, and the standard of selection will be representative of that status.

Objectives

Welsh Rowing's objective is to improve the standard of coastal sculling across Wales and the performance of the Welsh Team at the Home International Rowing Beach Sprints.

To accomplish this, Welsh Rowing wishes to engage with eligible athletes of, or working towards the standard required for selection, throughout the season and provide support to these individuals.

Selection Decisions

The coaches will use data from verified land data, data collected from water-based assessments/ trials and monitored events to assess athlete capabilities and make selections. This data will enable the coaches to engage in discussions with coaches about potential individual selections. Athletes will also be considered on the basis of crew compatibility.

Athletes seeking selection must meet the eligibility criteria and adhere to the submission requirements.

The coaches will present the names of their selected athletes for their Team to the Home International Rowing Selection Committee for ratification. The final selection announcement of the Teams will take place on 1st August 2022 by Welsh Rowing. Athletes (and their parent(s)/guardians and coach) will be emailed by Welsh Rowing confirming their selection. Athletes (and their parent(s)/guardians and coach) who have not been successful will also be informed by email by Welsh Rowing. In the unlikely event that Welsh Rowing is unable to make the final selection announcement by close of 1st August 2022, all athletes (and their parent(s)/guardians and coach) will be notified by email and informed of when to expect the announcement. Following the final team announcement, the Team will be published on the Welsh Rowing website.

The selection committee will be made up of the individual selected coaches, at least one member of Welsh Rowing staff and Sam English as Team Manager with the meetings being overseen by the Selection Committee Chairperson.
